Construction Begins on Highway 65

Lincoln – The California Department of Transportation is announcing that on Monday, April 13 at 7:00 p.m., construction will begin on Highway 65. North and southbound traffic will be shifted to the east between the rodeo grounds and Sterling Parkway. The shifted lanes will temporarily occupy one of the left turn lanes from Route 65 to Sterling Parkway. A left turn lane from Southbound Highway 65 to Sterling Parkway will remain open.

The traffic plan will be in effect for approximately 5 months while a portion of the Southbound Highway 65 and Industrial Avenue is being reconstructed.

The work being done is part of a \$325 million project to create an 11.7-mile bypass around the City of Lincoln. Completion is expected in 2012.

Unexpected weather may prolong or cause the work to be rescheduled. Roadside message boards will be used to post the latest information. Caltrans urges all motorists to use caution in this area and to "Slow for the Cone Zone".
